

Dear Parents,

We are so excited to share the new ON experience from WinShape Camps with you and your family! Before your camper engages in these activities, we wanted to share some important safety information with you. The safety of your children is our top priority!

Please carefully read the Parent Cards enclosed in the kits to determine when your camper needs supervision.

We've made some suggestions about the level of parental involvement expected, but you know your camper best. Some activities that are high energy or need parental supervision could result in injury – from a paper cut to a sack race fall.

In addition, some of the items contained within your campers' kits are general use products intended for adults, such as plastic cups, spoons, Q-Tips, and other household and craft products. They are not designed specifically for children, so please supervise their use.

CHOKING HAZARDS – SMALL PARTS

Some items in these kits are potential choking hazards for small children, so please keep them away from children 3 years of age and under, including younger family members or friends.

Items that are potential choking hazards include, but are not limited to:

- **Adventure Kit:** Balloons, Binder Rings, Glue Sticks, Marker and Highlighter Caps, Mini Dinosaurs, Mini Jewels, Play Doh, and Fruit Erasers
- **Creative Kit:** Beads, Cotton Thread, Googly Eyes, Marker Caps, Play Doh and Watercolors, and Yarn
- **Force Feud Kit:** Balloons, Marker Caps, Sharpie Caps, and Rubber Bands
- **Rec Kit:** Glow Sticks, Marker Caps, Painters' Tape, and Ping Pong Balls
- **Wacky Science Kit:** Elmer's Glue and Food Coloring
- **Swag Kit:** Thunder Sticks

FLAMMABILITY HAZARDS

Please exercise caution with ping pong balls, balloons as well as plastic packaging and keep them away from fire and heat sources as they pose a **flammability hazard**.

POTENTIAL SKIN IRRITATION

Some items in these kits may cause skin irritation to those with sensitive skin. Please supervise its use and consider testing on a small area of the skin before engaging in the activity.

Items that may cause skin irritation include, but are not limited to:

- **Adventure Kit:** Stickers
- **Force Feud Kit:** Acrylic Paint
- **Rec Kit:** Painter's Tape
- **Swag Kit:** Stickers and Wrist Bands

POTENTIAL SUFFOCATION HAZARDS

Balloons, plastic packaging and thunder sticks are **potential suffocation hazards**. To avoid danger, keep them away from babies and young children and far away from fire and heat sources.

EXERCISE CAUTION – GLOW STICKS

The Rec Kit contains glow sticks. Please supervise your child when they are setting up this activity. Do not ingest liquid if the glow stick bursts. Contact Poison Control if anyone gets glow stick liquid in their eyes or mouth.

SENSITIVITY – GLUTEN, MILK and LATEX

Please be aware if your child has sensitivity to the following products that contain gluten, milk and latex:

- **Creative Kit and Adventure Kit:** Play Doh contains gluten.
- **Force Feud Kit:** Rubber Bands contain latex
- **Gourmet Chef Kit:** Popcorn contains milk
